

**Calling All Students for Special Assignments
At the Tenth Annual Celebration of Technology in Education!**

Special assignments for students are available for this year's Tenth Celebration of Technology in Education on April 16, 2010. This is a great way to participate and contribute to the event. Students chosen for special assignments will be given a specific task or responsibility for the day of the event.

Please review this list of special assignments, and watch our list serv for additional special assignments as we will continue to add to this list.

Student Special Assignments

Student Special Assignment	Responsibility	Recommended Participants
Choir	The choir will sing two songs at the opening ceremony taking place from 9:00 AM –9:15 AM: The first song will be the National Anthem and another song will be determined by the choir.	Any choir from K-12
Technology Support	Students can participate to provide Level 1 technology support to other teacher/student exhibitors.	Any 7-12 student with technical and networking aptitude and experience
iReporters	Interview all in attendance on April 16 th . Students will use iPods to record responses and archive them. (iPods and assistance will be provided by Model Schools.)	One group of students, grade 2-12
