Leading the Transformation of Mathematics Teaching and Learning

*Presented by Brenda Konicke, Director of Professional Learning-Northeast, Math Solutions*

This course refines participants’ vision for their role as instructional leaders of mathematics. Participants increase their understanding of and ability to communicate and provide “feedforward” that moves the needle of teacher practice. They engage in mathematical tasks and discover the use of tools and structures to lead stakeholders toward understanding the elements of effective mathematics teaching and learning.

**Outcomes**
- Identify and support math instruction that promotes thinking, reasoning, and sense-making
- Provide instructional leadership and support to empower teachers to become more effective in their teaching of mathematics
- Articulate a vision for leadership that includes collaboration among all stakeholders to promote effective mathematics teaching and learning
