Engaging All Learners with Differentiated Math Stations in Grades K-2

Presented by Joanne Cicio and Susan Llanes

Are you struggling with meeting the needs of all learners? Come and be an active participant in our Make and Take Math Stations workshop. This workshop will focus on creating a fun and interactive math environment where student individual math needs will be met. You will work through several math stations that will enable the students to acquire the math they need to learn while having fun and being completely engaged. The focus of this hands-on workshop is to develop a strong foundation of number sense. These stations will help to build mathematical fluency in addition, subtraction, multiplication, and division. Teachers will leave with a plethora of ideas for math stations. At the end of the workshop, you will be able to bring back many math stations ready to use!

Testimonials

Working with Sue Llanes is always a positive experience for the students and the teacher. The kids will cheer when she walks in the door. All students are engaged and learning in a fun way. Having another teacher in the room is a nice break from you teaching all the time. When working through word problems, Sue is able to explain the same content with many strategies which allows all students to be successful. – Allison Von Vange

Joanne is an incredible presenter. She brings the enthusiasm of her craft to every workshop she gives. Her workshops are well thought out and practical in subject matter. You always leave with something you can immediately use in your classroom. Her presentation is clear and her manner is warm and inviting to questions for clarity or extension. Joanne is knowledgeable and professional. – Christine DePetris, 25 year educator, Huntington UFSD

**Joanne Cicio and Susan Llanes** have been teaching together for 30 years at the elementary level in the Huntington School District. They were Literacy Coaches in the Primary grades, Instructional Liaisons for the RTI process and have most recently been Response to Intervention Math Teachers and Math Coaches for grades K-5. They have presented workshops on Differentiating Math Stations for grades K-5, Turnkey Training for the NYS Math Modules K-6, 3-Act Tasks, Number Talks, as well as, Reader’s and Writer’s Workshop. They are both recently retired and want to continue their support for teachers and their students.
