Does your child enjoy engaging activities and "having fun at school" with their teachers and peers?

If so, take advantage of an opportunity to give your child the benefit of an extended-day enrichment program before school or after school in their own school. The program includes STEAM-based (Science, Technology, Engineering, Art, and Mathematics) enrichment opportunities combined with homework assistance and is facilitated by Eastern Suffolk BOCES under the supervision of East Islip employees who are appointed as ESBOCES employed directors and staff. Current East Islip School programs operate:

- Before school from 7:00 a.m. to the start of school
- After school from dismissal to 6:00 p.m.

(See reverse side for more information)
