

**Eastern Suffolk School of Practical Nursing
Annual Security Report
October 1, 2021**

The staff members of Eastern Suffolk School of Practical Nursing are dedicated to maintaining a safe environment for which to learn and work. All students and employees at Eastern Suffolk School of Practical Nursing are encouraged to report any emergencies and suspicious activities immediately to the Program Administrator who will initiate the appropriate action. In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees, the school's Emergency Response Team will respond without delay to the situation by initiating the appropriate communications to the affected students, faculty and staff unless the communication compromises the efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The appropriate authorities will be notified in a timely fashion and action will be taken to protect the wellbeing of the school community.

Fire Emergency and Evacuation:

In the event of a building fire, the alarm system will be activated and the building will be evacuated in accordance with established emergency evacuation plans. Fire drills are conducted regularly throughout the year. Students, faculty and staff are required to move at least 50 feet from the building in order to allow emergency responders access to the building.

Lockdown Plan:

In certain critical situations it may be determined that the safest place for the student, staff and other occupants is inside the building, and under such circumstances the building will be secured by use of the Lockdown Plan. Upon initiation, the Program Administrator will begin the appropriate communications to affected school members. The Lockdown Plan will commence until it is reasonably believed that the immediate danger has been addressed and it is safe for the school community to resume normal activities.

Reporting an Incident:

Incidents should be reported to the Program Administrator or designated individual who will contact the local police department or SUMMIT Campus Security depending on the severity of the incident.

Drug, Alcohol and Smoking Policy:

Eastern Suffolk BOCES follows and promotes a "Drug Free" protocol, "Smoke Free" and "Alcohol Free" environment, both on campus and in clinical settings. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or place open to the public is illegal. The possession, sale, manufacture or distribution of any controlled substance is illegal. Possession and use of any alcoholic beverage or illegal drug is prohibited in school. Violators may be subject to local, state, and federal law as well as school policy.

Violence Against Women Reauthorization Act of 2013 (VAWA):

Violence Against Women Reauthorization Act of 2013 (VAWA) amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating

violence, sexual assault, and stalking. Incidents should be reported to the Program Administrator or designated individual who will contact the local police department or SUMMIT Campus Security depending on the severity of the incident. The institution shall comply with a student's or employee's request for assistance in notifying authorities. Pursuant to VAWA, every effort will be made to ensure confidentiality and to adjust a student's or employee's working or academic situation if reasonably available and requested. Upon written request, any student or employee reporting incidents of dating violence, domestic violence, sexual assault or stalking, whether occurring on campus or off, shall receive written documentation on victims' rights and options.

The Eastern Suffolk School of Practical Nursing prohibits the crimes of dating violence, domestic violence, sexual assault and stalking as defined for purposes of the Clery Act. All VAWA crimes shall be investigated and addressed pursuant to ESBOCES Policy and NYS laws.

The School shall, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

For purposes of the Clery Act, "dating violence," "domestic violence," and "stalking" are defined in the Department's regulations as follows:

Dating Violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic Violence is defined as a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; by another person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others; or suffer substantial emotional distress.

Sexual Assault is defined as an offense that meets the definition of Rape, Fondling, Incest or Statutory Rape as used in the FBI' UCR program and included in Appendix A of 34 CFR Part 668.
