Re: Update – Regional Data Analysis/Regents Score Projection Reports for 2021-22

Due to the NYSED Office of State Assessment cancellation of Regents exams and 3-8 assessments in 2020, the reduction in Regents exam offerings in June 2021, as well as diminished student participation, the dataset utilized in the Regional Data Analysis for 2021-22 has been significantly impacted. Therefore, we are unable to provide this service for the 2021-22 school year.

It is suggested that participating districts plan alternative measures to support student goal-setting and the APPR/SLO process for the 2021-22 school year.
