Where Are They Now? *Post-Secondary Reports* *ReportNet*

Have you ever wondered how your graduates fared once they have left your district? Or if they followed through with their post-grad plans? This interactive workshop will teach you how to access reports from ReportNet to answer these questions and more.

In this workshop you will:

- Guided facilitation through post-secondary reports
- Interactive workshop allowing time for exploration with your district data
- Explore outcomes by graduation year
- Compare district outcomes to Suffolk County outcomes
- Identify students who did not continue with a post-secondary education
- Begin to identify patterns in post-secondary outcomes
- Consider high school programmatic changes that may affect post-secondary outcomes
