Ellevation

K-12 Web-based Resource for Educators Supporting English Language Learner Students

This informational session is designed to provide district administrators with an overview of a multifaceted platform designed to support English Language Learners. Join us as we will demonstrate:

Ellevation Platform – Remote ELL Data & Instructional Planning

- An ELL program management platform specializing in remote management, compliance, and instructional planning
- Provides paperless support of critical meetings and ELL monitoring processes
- Enables accurate reporting for multilingual students
- Supports ESSA Data Requirements and Improvement Initiatives

Ellevation Strategies – Teacher Capacity

- Offers a set of research-based instructional practices and activities
- Provides searchable remote-learning / hybrid learning activities
- Helps classroom teachers plan instruction for all students, specifically ENLs
- Enables ENLs acquire language and master grade-level content

Ellevation Math - Academic Language - Direct to Student

- Pre-teaches academic vocabulary in the context of grades 6-9 math content
- Focus on multiple exposure points to key math vocabulary while supporting practice in multiple ELD domains
- Ensure ENLs are better able to engage in skill-building and rigorous class discussions
