Data to Close-out the Year
Regents Exempt Eligible and Eligible to Graduate Based on Regents Completed

The NYSED Office of State Assessment in April 2020 announced the cancellation of the June and August Regents exams due to the Covid-19 pandemic. This webinar has been designed in response to that announcement, and will introduce the data analysis resources available and currently being utilized by school districts in Suffolk County.

Join us for a 20-minute webinar on how the School Data Bank Services program can assist you in determining the population of students that have been impacted by the Covid-19 Regulations set forth by NYSED.

We will:
- Review the related NYSED guidance to frame our conversation
- Determine which students <u>may</u> be eligible for a Regents exam exemption in grades 7 – 12
  - Including currently enrolled students
  - Including students who previously earned course credit and failed the Regents
- Determine which students <u>may</u> be eligible for graduation in 2019-20
