The law requires that vendors, prior to approval of contracts valued at more than \$100,000, certify that they, their affiliates, subcontractors and the affiliates of their subcontractors have a valid certificate of authority to collect New York State and local sales and compensating use taxes if the vendors, affiliates, subcontractors and the affiliates of their subcontractors have made sales delivered by any means to locations within New York State of tangible personal property or taxable services having a cumulative value in excess of \$300,000, during the four quarterly periods ending on the last day of February, May, August, and November which immediately preceded the quarterly period in which this certification is made.

Vendors must also certify to the contracting covered agency, at specified intervals during the terms of multi-year contracts and those contracts subject to renewal upon expiration of an initial or renewal term that they, as well as their affiliates and subcontractors making sales delivered within New York State, have a valid certificate of authority to collect New York State and local sales and compensating use taxes.

Proposed Vendors to New York State are hereby notified that provisions to meet the statutory requirements will be contained in all Bid Documents for goods and services valued in excess of \$100,000. Proposed Vendors will be required to affirm, immediately upon request by the Office of General Services if affirmation is not contained in the Bid Documents, that proposed Vendors, and to the best of their ability that their affiliates, subcontractors and subcontractors' affiliates are duly registered with the Tax Department and hold a valid certificate of authority.

The Tax Department is prepared to answer all questions relating to implementation of the new law. Please refer to the Tax web site for detailed information: <http://www.tax.ny.gov>. The Tax Department may also be reached at 1-518-485-9863 for additional clarification.

IRAN DIVESTMENT ACT COMPLIANCE RIDER

EXHIBIT F

The Iran Divestment Act of 2012, effective as of April 12, 2012, is codified at State Finance Law (“SFL”) §165-a and General Municipal Law (“GML”) §103-g. The Iran Divestment Act, with certain exceptions, prohibits municipalities, including the District, from entering into contracts with persons engaged in investment activities in the energy sector of Iran. Pursuant to the terms set forth in SFL §165-a and GML §103-g, a person engages in investment activities in the energy sector of Iran if:

- (a) The person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or
- (b) The person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created pursuant to paragraph (b) of subdivision three of Section 165-a of the SFL and maintained by the Commissioner of the Office of General Services.

A bid or proposal shall not be considered for award nor shall any award be made where the bidder or proposer fails to submit a signed and verified bidder’s certification.

Each bidder or proposer must certify that it is not on the list of entities engaged in investment activities in Iran created pursuant to paragraph (b) of subdivision 3 of Section 165-a of the SFL. In any case where the bidder or proposer cannot certify that it is not on such list, the bidder or proposer shall so state and shall furnish with the bid or proposal a signed statement which sets forth in detail the reasons why such statement cannot be made. The District may award a bid to a bidder who cannot make the certificate on a case by case basis if:

- (1) The investment activities in Iran were made before the effective date of this section (i.e., April 12, 2012), the investment activities in Iran have not been expanded or renewed after the effective date of this section and the person has adopted, publicized and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran; or
- (2) The District makes a determination that the goods or services are necessary for the District to perform its functions and that, absent an exemption, the District would be unable to obtain the goods or services for which the contract is offered. Such determination shall be made in writing and shall be a public document.

CERTIFICATION

IRAN DIVESTMENT ACT OF 2012

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, added new provisions to the State Finance Law (SFL), §165-a and General Municipal Law (GML) §103-g effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of “persons” who are engaged in “investment activities in Iran” (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b) and GML §103-g, the initial list is expected to be issued no later than 120 days after the Act’s effective date, at which time it will be posted on the OGS website.

By submitting a response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, Proposer (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, Proposer is advised that once the list is posted on the OGS website, any Proposer seeking to enter into, renew or extend a Contract or assume the responsibility of a Contract awarded in response to the solicitation, must certify at the time the Contract is bid upon or a proposal submitted, or the contract is renewed, extended or assigned that it is not included on the prohibited entities list.

During the term of the Contract, should ESBOCES receive information that a person is in violation of the above-referenced certification, ESBOCES will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then ESBOCES shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

ESBOCES reserves the right to reject any bid, proposal or request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.
